

GYMPIE HORSE & RODEO ASSOCIATION

Hi Members,

This update is for Team Ropers in particular, as happens in clubs the dynamics change all the time, way back when this club started - 2 separate clubs – Gympie Active Riders and Mothar Mountain Rodeo Assn merged. Mothar Mountain had a big turnout at their days and the Rodeo events were strong, over the years we have had to fight to keep the Timed Events running, which has necessitated some allowances in events, which are unique to our club. One of these allowances was not having to nominate your partners when you put your entries in and being able to partner people up on no point runs. For the next 3 round weekend this will have to change, as last time we had non-point runs when there were enough partners to go round on point runs.

So if you know who your 2 partners are please nominate as teams and state who is the header and who is the heeler (don't worry about who is on who's run).

If you don't have a partner/s still put your entries in and if you are a header or heeler, on the day you can match up firstly with others that don't have a partner and then we will look at non-point runs, they won't be stopped all together, they just won't be the first option.
